

Ms. Ragan

Hi! My name is Stephanie Ragan. My favorite things are kids, indoor crafts, tinkering and outdoor adventures such as geocaching, camping, and learning about bugs and plants with my two lovely children.

I have many years experience in recreation from local day camps to week long outdoor camps. I have spent a lot of time supporting families in many areas of need; including speech, development, school and in home support. Most of my EA work at St. Pat's, has been in areas of literacy, numeracy, speech language and occupational therapy. Before that, it was communication and behavior therapy in other schools.

I've been an EA for eight years with five of them at St. Pats. St Pats is one of my favourite places to be. I look forward to getting to know all my new friends!
