

My name is Amanda (Wallace) Cholowski. The children at St. Pat's often just call me Mrs. C. I have 3 awesome children, 1 loving husband and a very chubby cat!

This will be my sixth school year with EICS, before that I was the Assistant Director for the Learning Together Program through BRSD. I am a certified EA 2, but also have certification in Early Childhood Education. I have studied ECE through Grant MacEwan and Bow Valley College. I have recently completed Linguistics Analysis, Child and Adolescent Language Development and Childhood Speech Disorders through the U of A. I have had a high interest in literacy since I was in high school (a long, long time ago), and recently found a passion for language and speech development (speech pathology) and hope to continue my education in that field.

I am looking forward to another awesome school year at St. Pat's! I feel so blessed being able to support your children and I hope to help make their year fun and successful!
